SCREENING FOR AND DIAGNOSIS OF ORAL SUSPICIOUS LESIONS FEED BACK FORM.

- 1) Are you aware of oral pre malignancies ?
- 2) How often do you encounter such oral innocent looking lesions turning aggressive & vice versa.
- 3) Do you feel that there is a requirement of including screening tools for early detection of suspicious lesions during the regular OPD ?
- 4) Do you feel that the dental practitioners should be made aware of such lesions ? if yes , suggest how
- 5) Do you feel that an oral lesion has to be brought only to a dental practitioner and not to a general practitioner ?
- 6) Do you feel that conducting such CDE programs will aid in generating the awareness about such lesions , thus helping in early detection ?
- 7) Do you feel that this CDE program has increased your awareness & imparted knowledge on such suspicious lesions ?
- 8) How often do you feel that such programs should be held
- 9) Are you aware of an Artificial Intelligence tool for early detection of such suspicious lesions ?
- 10) Which topic would you want to emphasize on , in the next upcoming programs if conducted any ?

REPORT

As a part of Prosthodontics Day which is celebrated on 22 January every year, the Department of Prosthodontics crown and bridge, Pandit Deendayal Upadhyay dental college, Solapur organized a continuing dental education program on Crown Craft: Advancing Skills in FPD on 22 February 2024.

The day was started by welcoming the principle, vice-principle and the keynote speaker, Dr. Santosh Dixit followed by the lamp lightening ceremony. The principal Dr. Rajendra Birangane enlightened the audience with his views on the topic after which, the keynote speaker was introduced and the dias was handed over to the speaker. The educational talk covered all the key points that should be considered while preparing the tooth to receive the fixed dental prosthesis. Audio visual aids have an impact on the understanding of the subject. The talk was concluded by showing the audience a video demonstration on tooth preparation.

The department also conducted an E-poster competition following a short break where the first two winners were honored with a trophy and the other participants were given the certificate of participation. Also, the entertaining part of the session was Prosthodontic charades where 5 teams were made and the winning team was awarded with the medal. The day was wrapped up with honouring the speaker.

REPORT

Oral Medicine and Radiology Day which was celebrated on 9th and 10th May 2024, by the Department of Oral Medicine and Radiology, Pandit Deendayal Upadhyay Dental College, Solapur.

The day was started by welcoming the Principal, Vice-Principal and the keynote speaker, Dr. Mahendra Patait followed by the lamp lightening ceremony with beautiful song rendition. The Principal Dr. Rajendra Birangane enlightened the audience with his views on the topic after which, Felicitation was carried out. Then keynote speaker Dr. Mahendra Patait was introduced and the Dias was handed over to the speaker. The educational talk covered all the key points regarding cone beam computed tomography. Audio visual aids have an impact on the understanding of the subject. The talk was concluded by showing various Case Report with CBCT expertise.

The department also conducted an E-poster, photography, reel, and slogan competition following a short break where the first two winners were honored with the certificate of participation. After Lunch Break Hands-on course on CBCT was conducted by Dr. Mahendra Patait followed by Certificate distribution was done.

Vote of Thanks was given by Dr. Eesha and this concluded the program.
