Sterilization And Disinfection

REPORT

Our college organized a lecture on sterilization and disinfection by Dr. Virendra, which took place on the 27th and 28th of December 2023 at 10 am in Lecture Hall 1. The event aimed to educate students and faculty about the importance of sterilization and disinfection in healthcare settings.

Dr. Virendra, a renowned expert in the field, began the lecture by explaining the difference between sterilization and disinfection. He emphasized the critical role these processes play in preventing the spread of infections and ensuring patient safety.

During the lecture, Dr. Virendra discussed various methods of sterilization and disinfection, including heat, chemicals, and radiation. He explained the effectiveness of each method and highlighted the importance of following proper protocols and guidelines to achieve optimal results.

Dr. Virendra also addressed common misconceptions and challenges related to sterilization and disinfection, providing practical tips and recommendations for healthcare professionals.

The lecture was attended by students, faculty, and staff from various departments, who found the information provided to be highly informative and valuable. The interactive nature of the session allowed for a lively discussion and the opportunity to clarify doubts and queries.

Overall, the lecture on sterilization and disinfection by Dr. Virendra was a success, providing attendees with a deeper understanding of these crucial processes in healthcare. The event reaffirmed our college's commitment to promoting knowledge and awareness in the field of healthcare.

Oral Pathology Day Celebration

12th and 13th March 2024

The Department of Oral Pathology proudly celebrated Oral Pathology Day with a series of engaging and educational events held on March 12th and 13th, 2024. The festivities were designed to foster a deeper understanding and appreciation of oral pathology among students and faculty.

Day -1

12th March, 2024

Face Painting Competition:

The celebration commenced with a vibrant face painting competition, where first and third-year students showcased their artistic talents by painting intricate designs of the teeth set, muscles of mastication, and other anatomical structures related to oral health. This creative activity aimed to visually reinforce the students' knowledge of oral anatomy in a fun and interactive manner.

Reel Competition

Following the face painting competition, students participated in a reel competition. The reels, which highlighted various aspects of oral health and pathology, provided an innovative platform for students to express their understanding through short, engaging videos.

Day - 2

13th March, 2024

Welcome Ceremony:

The second day of celebrations began with a warm welcome to all participants and attendees, setting a positive tone for the day's events.

Lecture by Dr. Birangane:

The highlight of the morning was an insightful lecture delivered by Dr. Birangane. His extensive knowledge and expertise provided invaluable insights into the latest advancements and research in the field of oral pathology, inspiring both students and faculty.

Reel Display and Judging:

The reels created by students on February 24th were displayed, showcasing their creativity and understanding of oral pathology. The competition was judged by Dr. Akash Lavte and Dr. Ravi Vasate, who evaluated the reels based on creativity, accuracy, and presentation.

Histopathological Fashion Show:

First-year students then presented a unique fashion show based on histopathological themes of various diseases. The fashion show creatively represented different pathological conditions, providing a visually stimulating method for learning and understanding complex histopathological concepts.

Theatrical Act on Oral Squamous Cell Carcinoma.

Third-year students performed a powerful theatrical act depicting oral squamous cell carcinoma. The act focused on illustrating the dysplastic features associated with the condition, helping the audience visually comprehend the pathological changes and the importance of early detection and treatment.

Lunch Break:

Attendees enjoyed a well-deserved lunch break, providing an opportunity to relax and discuss the morning's events.

Quiz Competition:

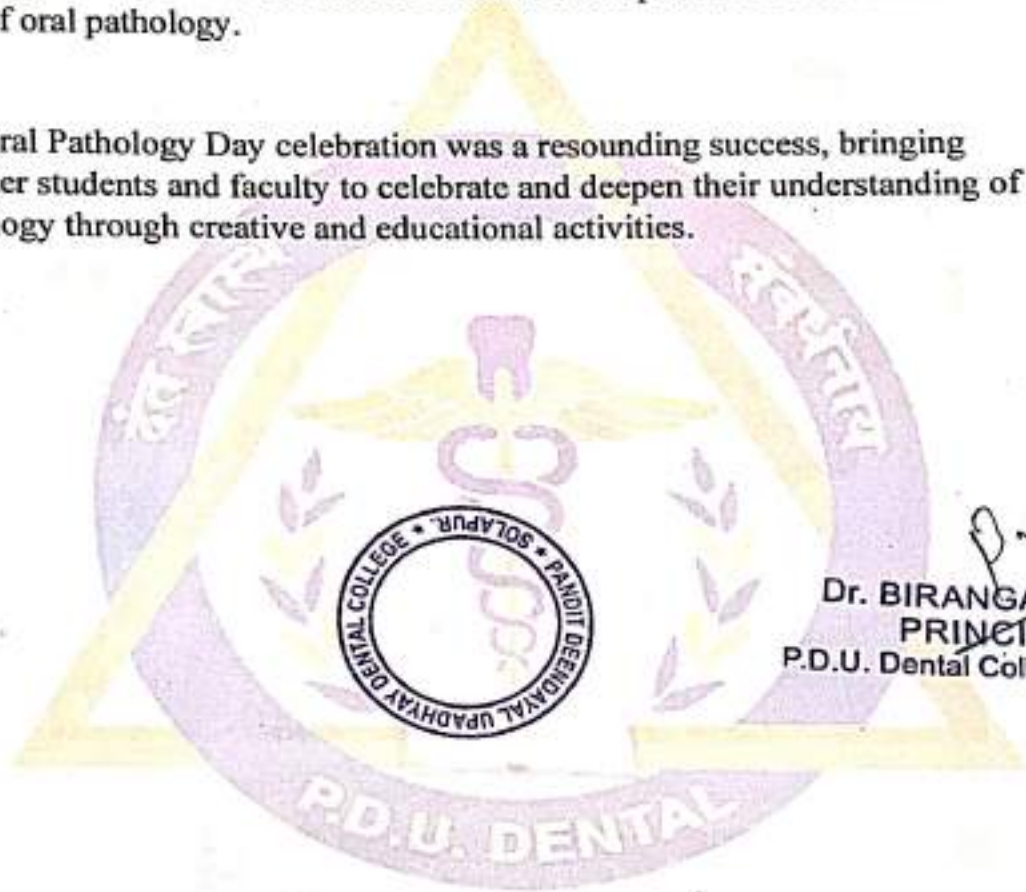

The afternoon session featured a quiz competition organized by interns. First and third-year students participated enthusiastically, testing their knowledge on

various topics related to oral pathology. The quiz fostered a spirit of healthy competition and provided an interactive learning experience.

Prize Distribution:

The celebration concluded with a prize distribution ceremony, recognizing the outstanding performances and contributions of students in the face painting, reel, fashion show, and quiz competitions. The prizes were awarded to encourage and motivate students to continue their pursuit of excellence in the field of oral pathology.

The Oral Pathology Day celebration was a resounding success, bringing together students and faculty to celebrate and deepen their understanding of oral pathology through creative and educational activities.

INTERNATIONAL ORAL AND MAXILLOFACIAL SURGERY DAY -2024

The International Oral and Maxillofacial Surgery Day is celebrated on the 13th of February every year.

However, in the hearts of every student of Pandit Deendayal Upadhyaya Dental College it is not only an educational or academic occasion but also a fusion of entertainment, vibrant themes, recreational activities, delicious delicacies which forms a foundation for cheerful laughter and memorable times under the mentorship of Dr. Ranjeet Gandhi Sir.

This 3 day long event began with a powerful boost of physical activity. A variety of outdoor games at college campus ground were arranged with fun and unexpected twists that kept the Students excited and always on their toes waiting in anticipation for the next rounds. These games not only provided healthy competition between the different batches but also built up team spirit, sportsmanship and unity.

The first game of the evening was named 'League of scalpel' which gave an innovative angle to generic athletic games. It consisted of 5 rounds with different levels of difficulty aimed at testing the physical as well as mental aptitude of the participants.

Following this the 'Stitch and strike' championship was held. In this both boys and girls participated in football matches that gave an opportunity for the players to play and the audience to cheer wholeheartedly. These energetic cheers brought an end to the first day.

The 2nd day was a cultural extravaganza organised at college Auditorium. The decor was set up to create an ambience reminiscent of the royal courts. The students dressed up in traditional attires with men donning regal sherwanis and

women showcasing elegant sarees and lehngas with intricate jewellery adding to the regal atmosphere. The theme of this night was 'Royal Darbar'.

The event comprised of a variety of cultural and traditional performances featuring dances, singing, skits and ramp walks by all the students. All these performances mesmerised and captivated the audience with their grace and talent.

Multiple food stalls under the event 'Jash-e-Dawat' were arranged by 3rd year and 4th year students. It offered a wide range of delicacies to choose from and displayed the culinary, marketing and management skills of the students.

This night provided a platform for students to connect with their cultural roots, fostering a sense of pride and appreciation for our rich heritage and offered a unique cultural experience.

The programs held on the 13th of February in the fully equipped digital smart lecture hall, aimed to spread awareness about the significance of oral and maxillofacial surgeries, the difficulties faced by the surgeons and the need for knowledge about this field in every person's life.

The day began with a special talk of principal Dr. Rajendra Birangane Sir, vice principal Dr. Mona Shah ma'am and a 'Guest Lecture' presented by Dr. Kaustub Tambekar Sir, a renowned specialist in this field. We felt honoured to be able to study and learn from some of the cases that he has operated on, in his successful career. He inspired and educated everyone present there about the clinical aspects of this field.

The HOD of the department of Oral and maxillofacial surgery Dr Sandeep Sir also presented a special case that he worked on. After explaining the details of the treatment plan he provided an insightful view to the students from the patient's experience as he invited and honoured his patient. A single smile on the patient's face brought multiple smiles in the audience.

P 71

Following this an entertaining segment was held to spread awareness among the patients.

The students performed an informative 'Skit' showcasing the importance of cosmetic surgeries such as hair transplantations, rhinoplasty and cleft lip and palate surgeries in a patient's life.

To capture the attention of the audience an energetic flashmob was performed along with a melodious 'Singing performance' followed by delicious refreshing snacks for all the dear and beloved staffs of PDUDC.

In the afternoon session, post lunch a 'Hands-on Workshop' on Suturing Technique was organised for all the interns by the department staff.

To appreciate everyone's hard work, efforts and participation a 'Prize distribution ceremony' was held. With the support of our principal Dr. Rajendra Birangane Sir and under the guidance of Dr. Ranjeet Gandhi Sir all the held session concluded with successful 3 day long celebration that included Sports events, Cultural events and Academic sessions

ORAL MEDICINE AND RADIOLOGY DAY REPORT

Oral Medicine and Radiology Day which was celebrated on 9th and 10th May 2024, by the Department of Oral Medicine and Radiology, Pandit Deendayal Upadhyay Dental College, Solapur.

The day was started by welcoming the Principal, Vice-Principal and the keynote speaker, Dr. Mahendra Patait followed by the lamp lightening ceremony with beautiful song rendition. The Principal Dr. Rajendra Birangane enlightened the audience with his views on the topic after which, Felicitation was carried out. Then keynote speaker Dr. Mahendra Patait was introduced and the Dias was handed over to the speaker. The educational talk covered all the key points regarding cone beam computed tomography. Audio visual aids have an impact on the understanding of the subject. The talk was concluded by showing various Case Report with CBCT expertise.

The department also conducted an E-poster, photography, reel, and slogan competition following a short break where the first two winners were honored with the certificate of participation. After Lunch Break Hands-on course on CBCT was conducted by Dr. Mahendra Patait followed by Certificate distribution was done.

Vote of Thanks was given by Dr Eesha and this concluded the program.

Report

Value Added Education Program Conducted by the Pedodontics Department
(August 1st and 2nd 2023).

The Pedodontics Department organized a comprehensive Value Added Education Program from August 1st & 2nd 2023. This program aimed to enhance the knowledge and skills of the students in various aspects of pediatric dentistry, focusing on NEET preparation, exam strategies, communication skills, patient management, and clinical applications.

Day 1: Lecture on NEET Preparation and Interactive Session

The program commenced with an insightful lecture on NEET preparation, emphasizing essential strategies and tips to excel in the examination. The session was highly interactive, allowing students to engage actively and clarify their doubts. The speaker shared valuable insights on effective study techniques, time management, and the importance of understanding the exam pattern.

- Following the lecture, an interactive session was conducted on exam preparation and communication skills. This session aimed to equip students with the necessary skills to approach exams confidently and communicate effectively.
- Various activities and role-plays were organized to enhance students' communication abilities, focusing on both verbal and non-verbal communication.

Day 2: Patient Management and Clinical Implications in Pediatric Dentistry

The second day of the program focused on patient management and clinical implications in pediatric dentistry. The session covered essential aspects of managing pediatric patients, including behavior management techniques, communication strategies with children and parents, and handling difficult situations in a clinical setting.

The speaker highlighted the importance of creating a child-friendly environment in the dental clinic and provided practical tips for managing pediatric patients with different needs. Clinical cases were discussed to illustrate the application of theoretical knowledge in real-life scenarios. The session also included hands-on demonstrations, allowing students to practice various techniques under the guidance of experienced faculty members.

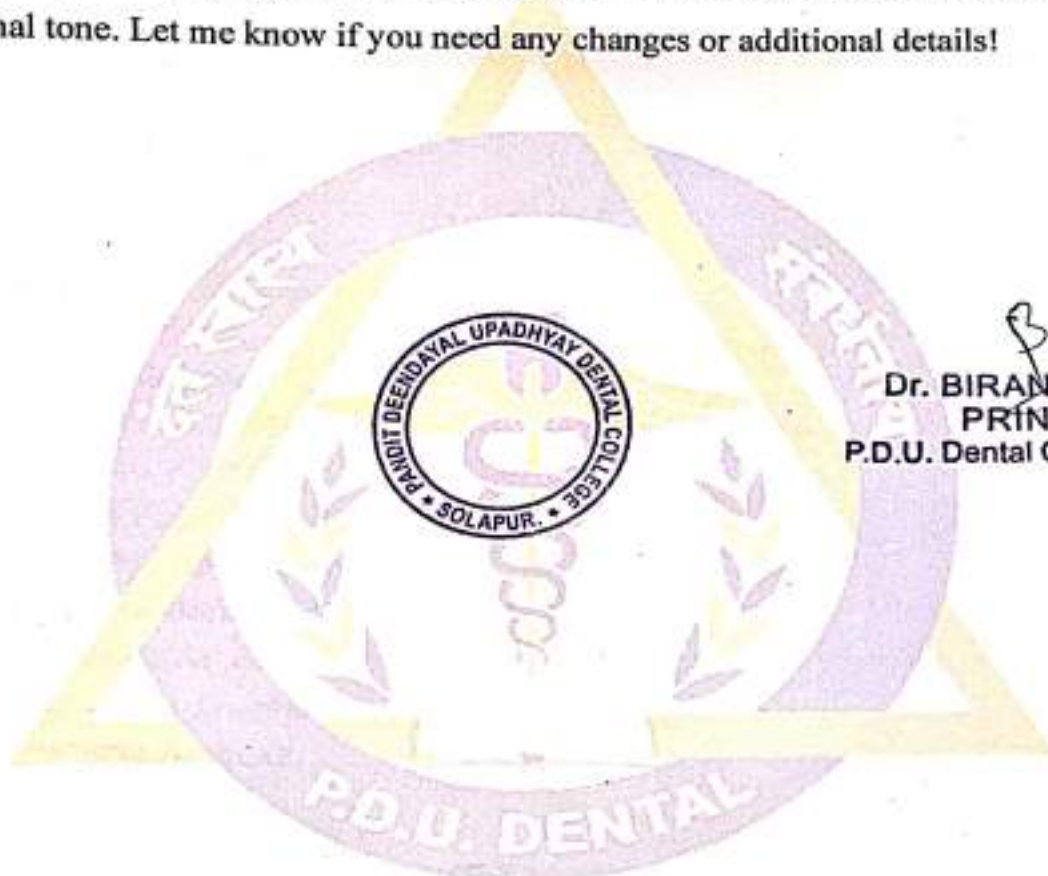

Conclusion

The Value Added Education Program conducted by the Pedodontics Department was a resounding success, providing students with valuable knowledge and practical skills essential for their academic and professional growth. The interactive and engaging sessions ensured active participation from the students, making the learning experience both enjoyable and informative.

Overall, the program significantly contributed to enhancing the students' preparation for NEET, improving their communication skills, and equipping

them with effective patient management techniques in pediatric dentistry. The department's efforts in organizing such a comprehensive program are commendable and greatly appreciated by all participants.

I highlighted the purpose and outcomes of the sessions while maintaining a formal tone. Let me know if you need any changes or additional details!

Report on Women's Day Celebration

Our college celebrated Women's Day on the 14th and 15th of March 2024 with a series of events aimed at empowering and honoring women. The event commenced with a guest lecture by Dr. Archana Shah on cervical cancer prevention. Dr. Shah, a renowned gynecologist, spoke about the importance of regular screenings and vaccinations in preventing cervical cancer. She also emphasized the need for awareness and early detection.

Following Dr. Shah's lecture, Mr. Raju Juna delivered a talk on "Stree Shakti" (Women Empowerment). He shared inspiring stories of women who have overcome challenges and achieved success in various fields. Mr. Juna's lecture highlighted the importance of recognizing and supporting women's rights and contributions to society.

The celebration continued with a vibrant dance performance celebrating womanhood. The dance showcased the strength, resilience, and beauty of women, receiving applause and admiration from the audience. This was followed by a skit portraying the journey of a woman facing societal stereotypes and challenges, ultimately breaking free and achieving her dreams.

The Women's Day celebration was well-received by students, faculty, and staff, who appreciated the opportunity to celebrate and honor women's achievements and contributions. The event not only entertained but also inspired and educated the audience, reaffirming the college's commitment to gender equality and women's empowerment.

ALL ABOUT YOU

Our college organized a two-day program titled "All About You" by Mrs. Sonal Panchal, focusing on personal style, self-grooming tips, makeup, and hairstyles. The event took place on the 9th and 10th of October 2023 at 9:30 am in Lecture Hall 1.

Mrs. Sonal Panchal, a renowned expert in personal styling and grooming, conducted the program with great enthusiasm and expertise. On the first day, she delved into the importance of personal style, emphasizing the impact it has on one's confidence and self-image. She provided valuable insights into identifying one's body type, skin tone, and personality to develop a unique and authentic style.

The second day of the program focused on self-grooming tips, makeup techniques, and hairstyles. Mrs. Panchal shared practical tips on skincare routines, hair care, and hygiene practices, highlighting the significance of maintaining a good grooming regimen.

During the makeup and hairstyle session, Mrs. Panchal demonstrated various makeup looks suitable for different occasions and shared tips on selecting the right products for different skin types. She also showcased trendy hairstyles and provided guidance on choosing a hairstyle that complements one's facial features and personality.

The program was well-attended by students, faculty, and staff alike, who found the sessions informative and engaging. Mrs. Sonal Panchal's expertise and interactive approach made the program a valuable learning experience for everyone involved. Overall, the "All About You" program was a resounding success, empowering participants to enhance their personal style and grooming habits.

Implant hands – on workshop

Report

An implant hands-on workshop was conducted on 20th and 21st March 2024 for post-graduates, interns and final year students. Our guest speaker, Dr. Kaustubh S Thakare, Professor, VYWS dental college, Amaravati, enlightened the students regarding the basics of implantology, surgical and prosthetic aspect as well as armamentarium related to implant. The lecture series was followed by Hands- on by implant placement on the dummy cast model. A quiz competition was conducted for interns and final year.

The program was concluded with prize distribution to all the winners of rangoli, reel, slogan and quiz competition. The plaques provided by ISP were presented to Dr. Birangane, Principal and Dr. Mona Shah, HOD Department of Periodontics. The certificates were provided to all the volunteers who contributed to the success of this drive.

CONTINUING DENTAL EDUCATION PROGRAM REPORT

As a part of Prosthodontics Day which is celebrated on 22 January every year, the Department of Prosthodontics crown and bridge, Pandit Deendayal Upadhyay dental college, Solapur organized a continuing dental education program on Crown Craft: Advancing Skills in FPD on 22 February 2024.

The day was started by welcoming the principle, vice-principle and the keynote speaker, Dr. Santosh Dixit followed by the lamp lightening ceremony. The principle Dr. Rajendra Birangane enlightened the audience with his views on the topic after which, the keynote speaker was introduced and the dias was handed over to the speaker. The educational talk covered all the key points that should be considered while preparing the tooth to receive the fixed dental prosthesis. Audio visual aids have an impact on the understanding of the subject. The talk was concluded by showing the audience a video demonstration on tooth preparation.

The department also conducted an E-poster competition following a short break where the first two winners were honored with a trophy and the other participants were given the certificate of participation. Also, the entertaining part of the session was Prosthodontic charades where 5 teams were made and the winning team was awarded with the medal. The day was wrapped up with honoring the speaker.

Basic Life Support

Report

Date- 5th and 6th Feb 24

Venue-Pandit Deendayal Upadhyay Dental College, Solapur

Basic Life Support, or BLS, generally refers to a level of medical care which can be provided by trained medical personnel, including emergency medical technicians, paramedics, and by qualified bystanders for victims of life-threatening illnesses or injuries until they can be given full medical care at a hospital. Pandit Deendayal Upadhyay Dental College, Solapur organised two day Basic Life Support session and Art of living lecture on 05.02.23 & 06.02.23 from 10am to 1pm. Around 60 participants including non-teaching staff working in College actively participated and updated their knowledge on BLS, with appropriate hands on skills.

The sessions were started at 9 .00am, in Lecture Hall 1 with introductory session by Dr. Pusha Agrawal, Vice Principal welcomed the resource persons and the delegates. The delegates were divided into two teams and team 1 had sessions on BLS, Foreign Body removal for infants and children in LT 3 class room. At the same time team 2 had sessions on adult CPR and Foreign Body Aspiration Removal.

The Art of living lecture was on 6th February 2024 by Dr. Pushpa Agarwal. She told the importance of meditation and happiness in the life.

REPORT

Basic Workshop on Research Methodology and Biostatistics

As per the MUHS/IMETIT guidelines Basic Workshop on "Research Methodology and Biostatistics" for PG students and PG teachers was organized in Pandit Deendayal Upadhyay Dental College, Solapur on 26th, 27th and 28th March 2024.

The proposal and programme schedule was approved by MUHS/URD/120/2024, dated 29.02.2024

Chief Guest for the programme was Dr.Sachin Mumbare, Vice principal, Ashwini Medical College and Hospital, Kumbhari, Solapur. Programme previewed by Dr. Mona Shah, Vice Principal, Pandit Deendayal Upadhyay Dental College, Solapur. All the Head of the Departments and faculty members of the PDUDC institution were personally invited.

On 26th March 2024 postgraduate students and faculty members of all the departments of PDUDC assembled at Lecture Hall. Inaugural function began at 9.30

A.M with a welcome speech by a PG student followed by lighting a lamp by Chief Guest.

As per the schedule submitted to IMETTTT all the topics of the workshop were covered by the respective guest speakers. Total of 29 members participated in the workshop including PG students and Teachers. Among 29 participants, 11 participants were PG students and the rest were faculty members. Participants were divided into four groups and all actively participated in the group activity during the three days workshop.

Pre-test was conducted among the participants immediately after the inaugural function. Daily feedback form for each day were filled by all the participants and program evaluation forms were collected after completion of the workshop followed by the post-test. The feedback was very encouraging. Most of the participants found the programme very informative and recommended to conduct such programme in future.
