PROCESS INTEGRATING INFORMATION TECHNOLOGY:

- Online uploading of final Internal Assessment marks.
- Online uploading of viva and practical examination marks on the same day of university practical exams.
- Closed Circuit Cameras with web streaming of the Examination,
- Mobile jammers in the examination halls.
- Scanning and uploading of answer scripts on the same day of examination has begun in all dental colleges from 2023 by MUHS.
- Bar Coded answer booklet with no additional sheets and marked question numbers has made a positive impact on the examination system by reducing the time, man power and the evaluation process and announcing the results fast. These Answer booklets are issued from the university.
- The total number of students present and absent for exam subject are uploaded to university and freezed every day.
- After certain stipulated time each staff will be given login id and password for online evaluation of answer scripts.
- Every paper is evaluated by two valuator, the difference if reaching more than 20 marks will be evaluated by third valuator.
- The staff members involved in the above process are trained effectively by the college as per the university guidelines.
