I. SOFT SKILL DEVELOPMENT

1. BASIC LIFE SUPPORT

REPORT

Basic Life Support, or BLS, generally refers to a level of medical care which can be provided by trained medical personnel, including emergency medical technicians, paramedics, and by qualified bystanders for victims of life-threatening illnesses or injuries until they can be given full medical care at a hospital. The sessions were started at 9 .00am, in Lecture Hall 1 with introductory session by Dr. Pusha Agrawal, Vice Principal welcomed the resource persons and the delegates. The delegates were divided into two teams and team 1 had sessions on BLS, Foreign Body removal for infants and children in LT 3 class room. At the same time team 2 had sessions on adult CPR and Foreign Body Aspiration Removal

2. NO BLEEDING GUMS DRIVE

REPORT

50 days long “No Bleeding Gums Drive” was conducted by the Department of Periodontology of Pandit Deendayal Upadhyay Dental College, Solapur. This drive was organized following the directives of Indian Society of Periodontology. It commenced on 1st of February and concluded on 20th March 2024.

The drive included motivating patients to maintain their oral hygiene and thus reduce the incidence of bleeding gums amongst the local population of Solapur. Around 700 patients were examined and a photo of their smile was captured and uploaded on an app provided by ISP. Patients were also provided samples provided by sponsors of the Drive – Haleon, Paradontox

Besides the screening and motivation of patients the following programs were conducted over this time period

- Spreading the awareness in masses on 17th February 24
- Celebrating National Periodontist Day on 21st February 24

- c) Oral health awareness camp for pregnant females on 4th March 24
- d) Celebrating International Women's Day on 14th march 24
- e) Implant hands – on workshop on 20th and 21st March 24

a) Spreading the awareness in masses

On 17th of February, Interns of PDUDC reached out to people at various busy areas of Solapur city. They inquired about their oral health and motivated them to seek help for their various oral health related issues. Various misconception related to dental procedure were also debunked. Students interacted with around 50 people.

b) Celebrating National Periodontist Day

On 21st of February 2024, National Periodontist Day was celebrated with some fun activities for students and patients. The event began with motivational speeches by Dr. Biranagne, Principal, PDUDC and Dr. Mona Shah, Vice principal, HOD Department of Periodontics. There was a Nukkad natak presented by students to spread oral health awareness among the patients in college porch. Correct brushing technique was also demonstrated to patients. Patients were also given Omnident samples provided by ISP. A flash mob dance was also presented by the students. Rangoli and slogan competition were conducted on the theme “Say No to Bleeding Gums”.

READING AND INTERPRETATION OF SCIENTIFIC ARTICLES

REPORT

A program was conducted 19TH August 2023 by the Department on Oral Pathology on “Reading and Interpretation of Scientific Articles.”

Dr. Roshini began the lecture by explaining the importance of Reading scientific literature for students interested in research, for choosing their topics and carrying out their experiments.

She then elaborated on the method and steps to follow while reading an article i.e. one must Begin by understanding the topic of the article before trying to dig through all the fine points the author is making. Always read the tables, charts, and figures. These will give a visual clue to the methods and results sections of the paper and help you to understand the data as well as reading the bibliography/references section.

In conclusion she said that going about things in this systematic manner would enable students to understand the topic and enable them to draw their own conclusions.

The lecture was very helpful and was followed by a lively discussion and brainstorming session.

OUTCOME:

1. The audience understood that going about things in a systematic manner would enable them to understand the topic and enable them to draw their own conclusions.
2. It explained the basics of article writing as well as how to read manuscripts.

II. LANGUAGE AND COMMUNICATION SKILL

NEET PREPARATION

REPORT

Value Added Education Program Conducted by the Pedodontics Department (August 1st and 2nd 2023).

The Pedodontics Department organized a comprehensive Value-Added Education Program from August 1st & 2nd 2023. This program aimed to enhance the knowledge and skills of the students in various aspects of pediatric dentistry, focusing on NEET preparation, exam strategies, communication skills, patient management, and clinical applications.

Day 1: Lecture on NEET Preparation and Interactive Session

The program commenced with an insightful lecture on NEET preparation, emphasizing essential strategies and tips to excel in the examination. The session was highly interactive, allowing students to engage actively and clarify their doubts. The speaker shared valuable insights on effective study techniques, time management, and the importance of understanding the exam pattern.

Following the lecture, an interactive session was conducted on exam preparation and communication skills. This session aimed to equip students with the necessary skills to approach exams confidently and communicate effectively. Various activities and role-plays were organized to enhance students' communication abilities, focusing on both verbal and non-verbal communication.

Conclusion:

The Value-Added Education Program conducted by the Pedodontics Department was a resounding success, providing students with valuable knowledge and practical skills essential for their academic and professional growth. The interactive and engaging sessions ensured active participation from the students, making the learning experience both enjoyable and informative.

Overall, the program significantly contributed to enhancing the students' preparation for NEET, improving their communication skills, and equipping them with effective patient management techniques in pediatric dentistry. The department's efforts in organizing such a comprehensive program are commendable and greatly appreciated by all participants.

I highlighted the purpose and outcomes of the sessions while maintaining a formal tone. Let me know if you need any changes or additional details!

POSITIVE THINKING

REPORT

Name of the program: Positive Thinking

Date: 26th April 2024

Speaker: Dr. Rahul Hegde

Contact hours: 9:30 am – 10:30 am

Coordinator: Scientific Committee

Motivational speech on positive thinking Dr Rahul Hegde DCI member and a pillar of support for PDU Dental college since its inception was an apt person to render a talk on Positive Thinking.

According to him Positive thinking is one of the most powerful tools we have to transform our lives. It has the power to change the way we think, feel and act. It is not just about having a sunny disposition or ignoring problems. It's about approaching life with a sense of hope, possibility and optimism, even in the face of adversity.

He elaborated that when we think positively, we are more likely to see opportunities instead of obstacles, and we are more resilient in the face of setbacks and challenges.

To conclude he motivated and encouraged the students to embrace the power of positive thinking, and create a brighter, happier future for themselves and those around them.

Outcome:

Encouraged students to think positively and have a brighter perspective on life, studies and their career ahead.

YOGA DAY CELEBRATION

REPORT

On the occasion of International Yoga Day our institute conducted a program in which the students of first, second and third year has participated and performed various asanas e.g. Tadasan, Suryanamaskar, Anlom Vnlom. Yoga brings together physical and mental disciplines to achieve a peaceful body and mind; it helps manage stress and anxiety and keeps you relaxing. It also helps in increasing flexibility, muscle strength and body tone. It improves respiration, energy and vitality. Yoga asanas build strength, flexibility and confidence. The day was well utilized. The session ended with meditation of 2 minutes and students were relaxed, full of positive energy after it.

BIostatISTICS

REPORT

Name of the program: Seminar on Biostatistics

Date: 31/10/2023

Speaker: Dr. Sagar Kumbhar

Place: Lecture Hall no:3

Contact hours: 10 am to 4 pm

Co Ordinator: Scientific Committee

To begin with Dr Sagar introduced the topic by explaining that 'Biostatistics is the application of statistical techniques to scientific research in health-related fields, including medicine, biology, and public health, and the development of new tools to study these areas.'

He stressed the importance biostatistics in public health, clinical research, patient care, data management, analysis and reporting.

He was of the opinion that Research is an important activity for not only postgraduate (PG) medical/students but for all medical professionals and Deficient basic biostatistical knowledge adversely affects research quality.

He concluded his lecture with a question-and-answer session.

Outcome:

1. It gave the audience a brief idea about the application of biostatistics in dentistry.
2. It explained the use of biostatistics in research
3. It is an essential and useful tool for thesis writing.

RESEARCH GRANT GUIDANCE LECTURE

REPORT

Name of the program: Research Grant Guidance lecture.

Date: 25th January 2024

Speaker: Dr Abhay Kulkarni

Contact hours: 10 am to 4 am

Coordinator: Scientific Committee

A lecture on Research Grant Guidance was conducted in the seminar room of OMR dept at PDUDC on 25th January 2024 by Dr Abhay Kulkarni Associate Professor Dept of Oral Medicine and Radiology.

Dr. Abhay Kulkarni being the chairman of the Scientific and Research Committee is always motivating young undergraduates and postgraduates to undertake research projects. He began his lecture by explaining that medical research is an important aspect of medical education and is required to maintain quality. Funding can assist a researcher in doing extensive research in a certain area by boosting study variables, sample size and use of sophisticated state-of-the-art equipment's. He said that Many health professionals have a lot of great ideas for health-related research but do not know where to start looking for financing.

In view of this and to enable young researchers to apply and avail grant facilities he gave a detailed lecture on the various funding agencies and the procedure and eligibility criteria to apply for the same as well as the time of funding and application. eg long term and short term research grants by MUHS, Indian Council of Medical Research (ICMR), University Grants Commission (UGC), Department of Biotechnology (DBT), Council of Scientific and Industrial Research (CSIR), Department of Health Research (DHR) NIH etc.

He concluded by saying that he hoped that the lecture would encourage young researchers to apply for research grants and increase research activities in future.

OUTCOME:

1. The topic was very beneficial to the students and motivated them towards research writing as well as applying for research funding.
2. It made them aware of the various avenues available to them for applying and securing research funding

GOOD CLINICAL PRACTICES

REPORT

Name of the program: Good Clinical Practices.

Date: 15th February 2024

Speaker: Dr. Rajendra Birangane

Contact hours: 9:30 am – 10:30 am

Coordinator: Scientific Committee

A lecture on 'Good clinical practices' was Conducted at PDUDC by Faculty Dr. Rajendra Birangane on in lecture hall from 9.30 am to 10.30 am followed by a question and answer session and group discussion.

Dr. Birangane introduced the topic and explained that Good clinical practice (GCP) encompasses an internationally recognized standard for clinical trials that include ethical and quality requirements that must be adhered to for any clinical trial that involves people.

She also pointed out that GCP principles center around three main concepts: ethical principles, safety as a priority, and informed consent. These principles ensure that researchers conduct clinical trials in a way that respects participants' dignity and rights while providing high-quality, reliable data.

She stressed that GCP are needed to ensure that the rights, safety and well-being of the subjects undergoing trial are protected, at the same time ensures the credibility of clinical trial data.

It was a very interesting session and was well appreciated by all the attendees.

OUTCOME:

1. The audience was enlightened about the importance of good clinical practices.
2. They understood its application in current clinical dental practice.

BASIC WORKSHOP ON RESEARCH METHODOLOGY AND BIOSTATISTICS

REPORT

As per the MUHS/IMETIT guidelines Basic Workshop on "Research Methodology and Biostatistics" for PG students and PG teachers was organized in Pandit Deendayal Upadhyay Dental College, Solapur on 26th, 27th and 28th March 2024.

The proposal and programme schedule was approved by MUHS/URD/120/2024, dated 29.02.2024

Chief Guest for the programme was Dr. Sachin Mumbare, Vice principal, Ashwini Medical College and Hospital, Kumbhari, Solapur. Programme previewed by Dr. Mona Shah, Vice Principal, Pandit Deendayal Upadhyay Dental College, Solapur. All the Head of the Departments and faculty members of the PDUDC institution were personally invited.

On 26th March 2024 postgraduate students and faculty members of all the departments of PDUDC assembled at Lecture Hall. Inaugural function began at 9.30 am with a welcome speech by a PG student followed by lighting a lamp by Chief Guest.

As per the schedule submitted to IMETTT all the topics of the workshop were covered by the respective guest speakers. Total of 29 members participated in the workshop including PG students and Teachers. Among 29 participants, 11 participants were PG students and the rest were faculty members. Participants were divided into four groups and all actively participated in the group activity during the three days workshop.

Pre-test was conducted among the participants immediately after the inaugural function. Daily feedback form for each day were filled by all the participants and program evaluation forms were collected after completion of the workshop followed by the post-test. The feedback was very

V. PERSONALITY & PROFESSIONAL DEVELOPMENT

ALL ABOUT YOU -PERSONAL GROOMING & DRESSING AND PERSONALITY DEVELOPMENT

REPORT

Our college organized a two-day program titled "All About You-personal grooming & dressing and personality development" by Mrs. Sonal Panchal, focusing on personal style, self-grooming tips, makeup, and hairstyles. The event took place on the 9th and 10th of October 2023 at 9:30 am in Lecture Hall 1.

Mrs. Sonal Panchal, a renowned expert in personal styling and grooming, conducted the program with great enthusiasm and expertise. On the first day, she delved into the importance of personal style, emphasizing the impact it has on one's confidence and self-image. She provided valuable insights into identifying one's body type, skin tone, and personality to develop a unique and authentic style.

The second day of the program focused on self-grooming tips, makeup techniques, and hairstyles. Mrs. Panchal shared practical tips on skincare routines, hair care, and hygiene practices, highlighting the significance of maintaining a good grooming regimen.

During the makeup and hairstyle session, Mrs. Panchal demonstrated various makeup looks suitable for different occasions and shared tips on selecting the right products for different skin types. She also showcased trendy hairstyles and provided guidance on choosing a hairstyle that complements one's facial features and personality.

The program was well-attended by students, faculty, and staff alike, who found the sessions informative and engaging. Mrs. Sonal Panchal's expertise and

MUHS FOUNDATION DAY

REPORT

on Maharashtra University of Health Sciences Foundation Day - June 10, 2023

The Maharashtra University of Health Sciences (MUHS) Foundation Day was celebrated at our college on June 10, 2023, at 10:00 a.m. The event took place in the college premises and was attended by faculty, staff, and students.

Program Highlights

Introduction:

The program commenced with an introduction by Dr. Rajendra Birangane, the Principal. He spoke about the significance of the MUHS Foundation Day, reflecting on the university's journey and its contributions to the field of health sciences.

Flag Hoisting:

Following the introduction, a flag hoisting ceremony was conducted. The flag was hoisted with great honor and pride, symbolizing the university's commitment to excellence in education and healthcare.

MUHS Anthem:

The students performed the MUHS anthem, filling the atmosphere with a sense of unity and pride. Their rendition of the anthem was both inspiring and moving, resonating with the spirit of the day.

Principal's Message:

Dr. Rajendra Birangane then delivered a message on the occasion of the MUHS Foundation Day. He highlighted the achievements of the university, its future goals, and the importance of continuous learning and innovation in the health sciences. His message was motivational and encouraged everyone to strive for excellence in their respective fields.

Conclusion:

Dr. Birangane R.S.
PRINCIPAL
Pt. Deendayal Upadhyay
Dental College, Solapur

The program concluded with the national anthem at 11:30 a.m. The event was a resounding success, fostering a sense of pride and belonging among all attendees. It was a fitting tribute to the university's legacy and its ongoing mission to advance health sciences education and research.

Overall, the celebration of the MUHS Foundation Day was a memorable event, marking another milestone in the university's illustrious hi

SUCCESSFUL LANDING OF CHANDRAYAAN

REPORT

On August 23, 2023, PDU Dental College, Solapur, held a grand celebration to commemorate the successful landing of Chandrayaan. The event was marked by joy and pride, reflecting the significant achievement in India's space exploration endeavours.

Celebration Highlights

Cake Cutting Ceremony

The celebration began with a cake-cutting ceremony in the college campus. The cake, adorned with the image of the Chandrayaan lander, symbolized the culmination of years of hard work and dedication by the Indian Space Research Organisation (ISRO). The principal, along with senior faculty members, had the honour of cutting the cake, marking the beginning of the festivities.

Rangoli of Chandrayaan

A key highlight of the celebration was the stunning rangoli created by the students. The rangoli, depicting the Chandrayaan lander, was a testament to the creativity and enthusiasm of the students. Spanning a significant portion of the college courtyard, the rangoli attracted admiration from all attendees and served as a focal point for the event. The intricate design and vibrant colors captured the essence of the historic achievement.

Attendance and Participation

The celebration witnessed the participation of all staff members and students, who gathered to express their pride and joy. The presence of the entire college community underscored the importance of the occasion. The event provided an opportunity for students and faculty to come together, celebrate national achievements, and foster a sense of unity and pride.

Speeches and Reflections

Several faculty members, including the principal, addressed the gathering, highlighting the significance of Chandrayaan's successful landing and its impact on India's position in global space exploration. The speeches emphasized the importance of perseverance, innovation, and scientific inquiry. Students were encouraged to draw inspiration from ISRO's achievements and strive for excellence in their academic and professional pursuits.

Conclusion

The Chandrayaan celebration at PDU Dental College was a resounding success, filled with enthusiasm and national pride. The event concluded with a vote of thanks to all participants and organizers for making the celebration memorable. The spirit of the occasion was encapsulated in the joy and unity that permeated throughout the college community.

Dr. Birangone R.S

ETHICAL VALUES

REPORT

Name of the program: Ethical Values.

Date: 25th April 2024

Speaker: Dr.Pradhan

Contact hours: 9:30 am – 10:30 am

Coordinator: Scientific Committee

While introducing ethical values Dr Pradhan gave us to understand that there is a framework of ethics underlying our lives on a daily basis, helping us make decisions that create positive impacts and steering us away from unjust outcomes. Ethics guides us to make the world a better place through the choices we make.

He then went on to explain that Research ethics provides guidelines for the responsible conduct of research. In addition, it educates and monitors scientists conducting research to ensure a high ethical standard. He then proceeded to give a brief summary and description of are ethical principles in research like honesty, integrity, compassion, confidentiality, respect for colleagues, responsible publication, respect for intellectual property, competence, respect for animals and environment.

It was a very helpful and informative lecture followed by synopsis presentation by the post graduate students.

INTERNATIONAL WOMEN'S DAY

REPORT

Our college celebrated Women's Day on the 14th and 15th of March 2024 with a series of events aimed at empowering and honoring women. The event commenced with a guest lecture by Dr. Archana Shah on cervical cancer prevention. Dr. Shah, a renowned gynecologist, spoke about the importance of regular screenings and vaccinations in preventing cervical cancer. She also emphasized the need for awareness and early detection.

Following Dr. Shah's lecture, Mr. Raju Juna delivered a talk on "Stree Shakti" (Women Empowerment). He shared inspiring stories of women who have overcome challenges and achieved success in various fields. Mr. Juna's lecture highlighted the importance of recognizing and supporting women's rights and contributions to society.

The celebration continued with a vibrant dance performance celebrating womanhood. The dance showcased the strength, resilience, and beauty of women, receiving applause and admiration from the audience. This was followed by a skit portraying the journey of a woman facing societal stereotypes and challenges, ultimately breaking free and achieving her dreams.

The Women's Day celebration was well-received by students, faculty, and staff, who appreciated the opportunity to celebrate and honor women's achievements and contributions. The event not only entertained but also inspired and educated the audience, reaffirming the college's commitment to gender equality and women's empowerment.

VII. EMPLOYABILITY & SKILL **DEVELOPMENT**

CONVOCATION UG/PG

REPORT

Date: October 28, 2023

Venue: Padmavati Conventions, MIDC Road, Akkalkot Road, Solapur

The much-awaited graduation ceremony for the Igniters Batch, Class of 2018, was held on October 28, 2023, at the prestigious Padmavati Conventions in Solapur. This milestone event marked the culmination of years of hard work, dedication, and perseverance of the graduating students.

Dignitaries in Attendance

The ceremony was graced by the esteemed presence of Dr. Birangane, our respected Chief Guest, whose words of wisdom and encouragement have always been a beacon of inspiration. Alongside him was the esteemed Dr. Mona Shah, whose contributions to the academic and professional development of our students have been invaluable.

Event Highlights

1. Opening Ceremony

The event commenced with a heartwarming invocation, followed by the ceremonial lighting of the lamp by Dr. Birangane and Dr. Mona Shah.

Dr. Birangane R.S
PRINCIPAL
Pt. Deendayal Upadhyay
Dental College, Solapur

This traditional act symbolized the light of knowledge and the bright futures awaiting our graduates.

2. Welcome Address

The Principal delivered a compelling welcome address, highlighting the remarkable journey of the Igniters Batch and the significant milestones achieved over the years. The atmosphere was filled with pride and anticipation as the Principal acknowledged the hard work and determination of the students and faculty alike.

3. Chief Guest's Speech

Dr. Birangane, the Chief Guest, captivated the audience with his inspiring speech. He emphasized the importance of perseverance, continuous learning, and the ethical responsibilities that come with the profession. His words resonated deeply, leaving a lasting impression on the graduates.

4. Felicitation of Graduates

Each graduate was called upon to receive their certificates and mementos from Dr. Birangane and Dr. Mona Shah. The joy and pride were palpable as students walked across the stage, greeted with applause and cheers from family, friends, and faculty members.

5. Special Awards

The ceremony also included the distribution of special awards for academic excellence, leadership, and community service. These awards recognized the exceptional contributions and achievements of our students, setting a benchmark for future batches.

6. Address by Dr. Mona Shah

Dr. Birangane R.S
PRINCIPAL
Pt. Deendayal Upadhyay

STERILIZATION AND DISINFECTION /INFECTION CONTROL

REPORT

Our college organized a lecture on sterilization and disinfection by Dr. Virendra, which took place on the 27th and 28th of December 2023 at 10 am in Lecture Hall 1. The event aimed to educate students and faculty about the importance of sterilization and disinfection in healthcare settings.

Dr. Virendra, a renowned expert in the field, began the lecture by explaining the difference between sterilization and disinfection. He emphasized the critical role these processes play in preventing the spread of infections and ensuring patient safety.

During the lecture, Dr. Virendra discussed various methods of sterilization and disinfection, including heat, chemicals, and radiation. He explained the effectiveness of each method and highlighted the importance of following proper protocols and guidelines to achieve optimal results.

Dr. Virendra also addressed common misconceptions and challenges related to sterilization and disinfection, providing practical tips and recommendations for healthcare professionals.

The lecture was attended by students, faculty, and staff from various departments, who found the information provided to be highly informative and valuable. The interactive nature of the session allowed for a lively discussion and the opportunity to clarify doubts and queries.

Overall, the lecture on sterilization and disinfection by Dr. Virendra was a success, providing attendees with a deeper understanding of these crucial processes in healthcare. The event reaffirmed our college's commitment to promoting knowledge and awareness in the field of healthcare.

CLINICAL ORAL SURGERY CASES /SUTURING TECHNIQUES

REPORT

The programs held on the 13th of February in the fully equipped digital smart lecture hall, aimed to spread awareness about the significance of oral and maxillofacial surgeries, the difficulties faced by the surgeons and the need for knowledge about this field in every person's life.

The day began with a special talk of principal Dr. Rajendra Birangane Sir, vice principal Dr. Mona Shah ma'am and a 'Guest Lecture' presented by Dr. Kaustub Tambekar Sir, a renowned specialist in this field. We felt honoured to be able to study and learn from some of the cases that he has operated on, in his successful career. He inspired and educated everyone present there about the clinical aspects of this field.

The HOD of the department of Oral and maxillofacial surgery Dr Sandeep Sir also presented a special case that he worked on. After explaining the details of the treatment plan he provided an insightful view to the students from the patient's experience as he invited and honoured his patient. A single smile on the patient's face brought multiple smiles in the audience.

Following this an entertaining segment was held to spread awareness among the patients.

The students performed an informative 'Skit' showcasing the importance of cosmetic surgeries such as hair transplantations, rhinoplasty and cleft lip and palate surgeries in a patient's life.

To capture the attention of the audience an energetic flashmob was performed along with a melodious 'Singing performance' followed by delicious refreshing snacks for all the dear and beloved staffs of PDUDC.

CERVICAL CANCER AWARENESS/ STREE SHAKTI

REPORT

Our college celebrated Women's Day on the 14th and 15th of March 2024 with a series of events aimed at empowering and honoring women. The event commenced with a guest lecture by Dr. Archana Shah on cervical cancer prevention. Dr. Shah, a renowned gynecologist, spoke about the importance of regular screenings and vaccinations in preventing cervical cancer. She also emphasized the need for awareness and early detection.

Following Dr. Shah's lecture, Mr. Raju Juna delivered a talk on "Stree Shakti" (Women Empowerment). He shared inspiring stories of women who have overcome challenges and achieved success in various fields. Mr. Juna's lecture highlighted the importance of recognizing and supporting women's rights and contributions to society.

The celebration continued with a vibrant dance performance celebrating womanhood. The dance showcased the strength, resilience, and beauty of women, receiving applause and admiration from the audience. This was followed by a skit portraying the journey of a woman facing societal stereotypes and challenges, ultimately breaking free and achieving her dreams.

The Women's Day celebration was well-received by students, faculty, and staff, who appreciated the opportunity to celebrate and honor women's achievements and contributions. The event not only entertained but also inspired and educated the audience, reaffirming the college's commitment to gender equality and women's empowerment.

SCOPE OF ORAL PATHOLOGY

REPORT

The Department of Oral Pathology proudly celebrated Oral Pathology Day with a series of engaging and educational events held on March 12th and 13th, 2024. The festivities were designed to foster a deeper understanding and appreciation of oral pathology among students and faculty.

Day -1

12th March, 2024

Face Painting Competition:

The celebration commenced with a vibrant face painting competition, where first and third-year students showcased their artistic talents by painting intricate designs of the teeth set, muscles of mastication, and other anatomical structures related to oral health. This creative activity aimed to visually reinforce the students' knowledge of oral anatomy in a fun and interactive manner.

Reel Competition

Following the face painting competition, students participated in a reel competition. The reels, which highlighted various aspects of oral health and pathology, provided an innovative platform for students to express their understanding through short, engaging videos.

Day - 2

13th March, 2024

Welcome Ceremony:

The second day of celebrations began with a warm welcome to all participants and attendees, setting a positive tone for the day's events.

Lecture by Dr. Birangane:

P. S. J.

Pt. Deendayal Upadhyay
Dental College, Solapur

The highlight of the morning was an insightful lecture delivered by Dr. Birangane. His extensive knowledge and expertise provided invaluable insights into the latest advancements and research in the field of oral pathology, inspiring both students and faculty.

Reel Display and Judging:

The reels created by students on February 24th were displayed, showcasing their creativity and understanding of oral pathology. The competition was judged by Dr. Akash Lavte and Dr. Ravi Vasate, who evaluated the reels based on creativity, accuracy, and presentation.

Histopathological Fashion Show:

First-year students then presented a unique fashion show based on histopathological themes of various diseases. The fashion show creatively represented different pathological conditions, providing a visually stimulating method for learning and understanding complex histopathological concepts.

Theatrical Act on Oral Squamous Cell Carcinoma.

Third-year students performed a powerful theatrical act depicting oral squamous cell carcinoma. The act focused on illustrating the dysplastic features associated with the condition, helping the audience visually comprehend the pathological changes and the importance of early detection and treatment.

Lunch Break:

Attendees enjoyed a well-deserved lunch break, providing an opportunity to relax and discuss the morning's events.

Quiz Competition:

The afternoon session featured a quiz competition organized by interns. First and third-year students participated enthusiastically, testing their knowledge on various topics related to oral pathology. The quiz fostered a spirit of healthy competition and provided an interactive learning experience.

Prize Distribution:

The celebration concluded with a prize distribution ceremony, recognizing the outstanding performances and contributions of students in the face painting, reel, fashion show, and quiz competitions. The prizes were awarded to encourage and motivate students to continue their pursuit of excellence in the field of oral pathology.

The Oral Pathology Day celebration was a resounding success, bringing together students and faculty to celebrate and deepen their understanding of oral pathology through creative and educational activities.

CONE BEAM COMPUTED TOMOGRAPHY

REPORT

Oral Medicine and Radiology Day which was celebrated on 9th and 10th May 2024, by the Department of Oral Medicine and Radiology, Pandit Deendayal Upadhyay Dental College, Solapur.

The day was started by welcoming the Principal, Vice-Principal and the keynote speaker, Dr. Mahendra Patait followed by the lamp lightening ceremony with beautiful song rendition. The Principal Dr. Rajendra Birangane enlightened the audience with his views on the topic after which, Felicitation was carried out. Then keynote speaker Dr. Mahendra Patait was introduced and the Dias was handed over to the speaker. The educational talk covered all the key points regarding cone beam computed tomography. Audio visual aids have an impact on the understanding of the subject. The talk was concluded by showing various Case Report with CBCT expertise.

The department also conducted an E-poster, photography, reel, and slogan competition following a short break where the first two winners were honored with the certificate of participation. After Lunch Break Hands-on course on CBCT was conducted by Dr. Mahendra Patait followed by Certificate distribution was done.

Vote of Thanks was given by Dr. Eesha and this concluded the program.

NEED FOR DIGITALIZATION – INTRAORAL SCANNER.

REPORT

Name of the program: Need for Digitalization – Intraoral Scanner.

Date: 15th May 2024

Speaker: Dr. Akash

Lavate Contact hours:

9:30 am – 10:30 am

Coordinator: Scientific Committee

Dr Akash Lavate introduced us to digitalization by explaining about intraoral scanners, the technology, use, format, accuracy and limitations. He elaborated that Intraoral scanners (IOSs) are devices that digitally reproduce the 3-dimensional (3D) geometry of the intraoral soft and hard tissues. IOSs project a light source, such as a laser or structured light, onto the surfaces being scanned and imaging sensors capture video or discrete images that are processed by the device's software to produce a 3D surface model. Intraoral scanners are commonly used in orthodontics to create digital models of a patient's teeth. These models can be used to plan and design orthodontic treatments such as braces or clear aligners more accurately.

He further explained that by using intraoral scanners, it is possible for us to avoid distortion from the impression and gypsum materials.

The talk was followed by an animated discussion and demonstration.

The lecture was highly informative and innovative and well appreciated by all.

UG CONVENTION

REPORT

On the 27th of May, 2024, PDU Dental College hosted a prestigious Scientific Convention, a gathering that celebrated academic excellence and innovation in dentistry. The event commenced at 10:00 a.m., graced by the esteemed presence of our Chief Guests, Dr. Birangane Sir and Dr. Mona Shah Ma'am.

Morning Session

The convention began with an inaugural ceremony led by the Chief Guests. Their insightful words set a tone of inspiration and intellectual curiosity for the day's events.

The morning session featured e-paper presentations from postgraduate students, interns, and final-year students. The competition was fierce, showcasing a plethora of innovative research and findings. The highlight of the session was the announcement of the winner, Dr. Supriya Jangale, whose exceptional presentation stood out among her peers.

Afternoon Session

Post lunch, the afternoon session was dedicated to e-poster presentations. This session included contributions from postgraduate students and third-year students, each poster reflecting extensive research and creative presentation skills. Dr. Pratik Mule emerged victorious in the postgraduate category, impressing the judges with his insightful research and clear presentation.

t

Between the academic sessions, the event was enlivened by music performances from the talented third and final year music groups. These interludes provided a delightful break and added a festive atmosphere to the convention.
