**ANNUAL GENDER SENSITISATION ACTION PLAN 2023-24**

7.1.2A

The institute has an existing Gender Sensitisation cell/ Women Development cell comprising of faculty and students. The cell plans to conduct various gender sensitisation programs throughout the year.

Main objectives of the cell are:

1. Celebrating women's day every year with the objective of motivating and encouraging the women force., through strategies for women empowerment and gender equity.
2. Creating awareness about mental health and stress management.
3. Ensuring importance of work life balance focusing on art of living.
4. Ensuring a safe campus for women.
5. Spreading awareness about health issues like oral health, cervical cancer, tobacco cessation etc with an emphasis on women's health
6. Increasing self-confidence and independence amongst women through focus on personality development and grooming.
7. Motivating women towards positive thinking and self-empowerment or 'Stree Shakti'.

To achieve these goals the following Gender Sensitisation Plan has been proposed for 2023-24.

- 1.It is proposed to conduct Orientation programmes for the newly admitted students in the campus and create awareness about the existence of a Gender Sensitisation committee which the students can approach if they face any sexual harassment issues.
- 2.It is recommended to conduct lectures by experts on women's health, mental health, women empowerment to create and spread awareness.
- 3.It is proposed to celebrate Women's Day on 8<sup>th</sup> March to commemorate Stree Shakti.
- 4.It is proposed to review the safety measures available in the institute for the safety of women on campus.
