STUDENTS COUNCIL ACTIVITIES

Our College has a very organized and democratically elected Student council association. The student association has elected office bearers comprising a Student coordinator and student representatives from first year to internship. There are elected positions for looking after extracurricular activities, hospitability issues, and other cultural and academic events throughout the year besides students in other supporting positions.

The Student council is guided by staff advisors and the principal of the college. The Student's Association comprises of other two committees that also enrich the cultural and corporate life of the college providing opportunities to students to expand their horizons. The committees provide a platform for participation of students in Intra College as well as inter college events under the Students council.

In the course of program, for every year there is a class committee represented by students from first year to internship. The class committee has also faculty representation. This committee is convened 2 times in a year and it discusses and pass resolutions on the following:

- Analysis of continuous assessment test results
- Analysis of examination results
- Evaluation methodology for practical and other equivalent courses
- Syllabus for internal assessment examinations
- Disciplinary issues of the students.
- Faculty performance in teaching.
- Conferences / CDF. program / Workshops
- Other student - centric issues raised by the students including maintenance of Infrastructure

Class representative is a Faculty level committee having student representatives from all the classes under a Faculty and the convener of the same is the Faculty Director. This committee is convened 2 times in a year and students air freely their opinions /suggestions / grievances directly to the director on any issue which directly or indirectly relates to the issues concerning the students.

Dr. BIRANGANE R.S.
PRINCIPAL
P.D.U. Dental College, Solapur

Various academic and administrative committees that have student representatives on them include.

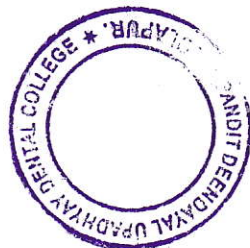

- Anti ragging committee.
- Mentorship committee.
- Career Guidance committee.
- Alumni Committee.

Student council conducts meeting with their members twice within the annual cycle.

They conduct and participate events led by the students and conceptualized in consultation with staff advisors. These events broaden the scope of education besides providing students to show-case their talents and learn managerial and organizational competencies. The events can be classed as:

- Intra College events - conducted between different years of students or to identify talent to represent college.
- Inter college events - Outstanding talent identified through the above events represents the college in group events or solo performances in festivals organized by colleges

Students council form committees of their own for various purposes and conduct periodic reviews before the commencement of the any cultural program. The event is planned in a meticulous manner with schedules prepared well in advance. Tasks like crowd controlling, discipline, safety and security during the conduct of the events are efficiently handled by the students and staff coordinator.
